

Australian Sailing - Performance Coaching Program

RBYC Hub Information

The Australian Sailing - Performance Coaching Program commences in July 2016 with Royal Brighton Yacht Club selected as one of the three Victorian hubs.

Coaching will be provided at RBYC every Wednesday and Friday. Also, on Saturday and Sunday every third weekend depending upon the scheduling of regattas around the State.

In addition, the program will be scheduled to coincide with recognised youth events including the George Mac Regatta and the Club Marine Victorian Junior & Youth Championships being held at RBYC in 2016-2017.

All program participants training on a regular weekly basis at RBYC (resident athletes) and storing boats on-site are required to be RBYC members, submit a safety declaration for their boat, provide evidence of current third part liability insurance annually and display an RBYC Safety Decal on the hull. Those joining as new members must advise if RBYC is their primary or secondary club for affiliation to Australian Sailing.

Program participants based at other clubs who train at RBYC on an occasional basis (visiting athletes) are not required to be members of RBYC but are required to be a member of an Australian Sailing affiliated club, submit a safety declaration for their boat and provide evidence of current third part liability insurance.

All program participants and coaches are required to abide by the RBYC Codes of Behaviour.
